

How to use this map

To view a specific flood plain map; select the hand tool, hover over the cross hatched area of interest and click to access map.

Non Crossed hatched areas have no flood plain and no map has been created for that area.

Final Revisions of Federal Emergency Management Agency Flood Plain Maps

The information depicted on this map is a compilation of public record information including aerial photography and other base maps. No warranty is made, express or implied, as to the accuracy of the information used. The data layers are a representation of current data to the best of our knowledge and may contain errors. It is not a legally recorded map and cannot be substituted for field-verified information. Map may be reproduced with permission of the Lincoln County Land Information and Conservation Department.
