

WALUEGGE (SECOND ST)

NOTE: FOR THE NORTH LINE I USED (T) & (W) I BELIEVE THAT (W) WAS ONE OF THE OLD MANGOLD SPIKES - (T) WAS BELOW THE GROUND AND LOOKED LIKE AN UNDISTURBED SURVEY MONUMENT, BY USING (T) & (W) EVERYTHING ELSE FITS REASONABLY WELL.

NOTE: TO ESTABLISH THE WEST LINE I USED (T) AND (L) - (L) WAS WELL DOCUMENTED BY BECHER-HOPPE & (T) SEEMED TO FIT EVERYTHING ON CALIF. AND SECOND STREET REASONABLY WELL.

SDS.

NOTE: FOR THE EAST LINE I USED LINE (Y-AA) IT IS MY BELIEF THAT THEY WERE PROBABLY SET BY A SURVEYOR AND THERE IS NO OTHER EVIDENCE TO DISPROVE THEM.

(E) LOOKS FAIRLY RELIABLE THE SIDEWALK ENCIRCLES IT AND I FEEL THAT IT LOOKS SAFE TO USE IT AS CONTROL.

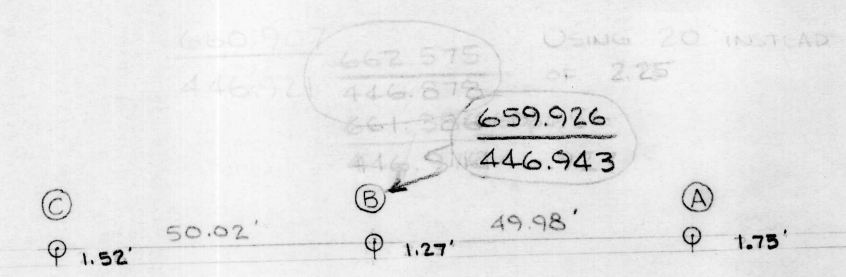

THE CHISELED "X" HAS BEEN MOVED SOUTH BY A TREE ROOT GROWING UNDER THE WALK.

NOTE: I DECIDED TO USE E AND B TO ESTABLISH THE STREET LINE, THEY SEEM TO FIT EVERYTHING THE BEST

SDS.

NOTE: A & C ARE PIPES SET BY THE LANDOWNER USING MANGOLDS NAILS FOR LOCATION

(B) LOOKS TO BE ONE OF MANGOLDS ORIGINAL NAILS, SEE MAP IN THE FILE.
