

Using C.S.M. # 1868, I have located thereon the septic riser and the mound system. I have also located the driveway and the 6" well casing on the unplatted lands lying easterly of Lot 1 thereon. No location of the underground water line from the well to Lot 1 has been made. That I have done this work by order of Molley at Priemer Title. And that this is accurate to the best of my knowledge and belief.
