## U.S. PUBLIC LAND SURVEY MONUMENT RECORD

Note: This form is intended and designed to fulfill all requirements of Wisconsin Administrative Code, Chapter A-E 5.02, U.S. Public Land Survey Monument Record (3) (a) (b) (c) (d) (e) (f) (g) (h) (l). An additional sheet may be added if necessary to conform with said requirements.	
(a) Corner location: Township 31 North	N
Range5 East	
Town/City/VillageCORNING	
CountyLincoln	<u> </u>
	Section32
(b) (f) (g) (h) Description of monument found at this corner and if it was accepted, state all evidence (material, testimonial, occupational, plats, records, other monuments) used as a basis for accepting. If not acceptted or if nothing was found, state evidence used as basis for establishing location. If reestablished through lost corner proportionate methods, indicate all monuments, distances and directions used to establish. In October of 1979, corner location was dug prior to re-construction of C.T.H. "FF"	
by Robert Fergot and James Dickinson of the Marathon County Highway Department and no evidence of corner was found. We set the South $\frac{1}{4}$ corner of Section 32 by using the existing fenceline to the north and extending that line south until it intersect with a straight line from the North $\frac{1}{4}$ corner of Section 3 to the Northeast corner of Section 3, T30N, R5E. Accepted this location as the best evidence of the section corner location. Set Berntsen Survey Mark nail for corner
