# **U.S. PUBLIC LAND SURVEY MONUMENT RECORD**

Note: This form Is intended and designed to fulfill all requirements of Wisconsin Administrative Code, Chapter A-E 5.02, U.S. Public Land Survey Monument Record (3) (a) (b) (c) (d) (e) (f) (g) (h) (i). An additional sheet may be added if necessary to conform with said requirements.
(a) Corner location: Township____31___North

	•	Range_	6	East	at .	
Town	Merrill	~				
			÷.,		ي يونيو المراجعة بالذي والمراجعة المراجع المراجع المراجع المراجع المراجع المراجع المراجع المراجع المراجع المراج -	•
County	Lincoln					

b) (f) (g) (h) Description of monument found at this corner and if it was accepted, state all evidence (material, testimonial, occupational, plats, records, other monuments) used as a basis for accepting. If not accepted or if nothing was found, state evidence used as basis for establishing location. If reestablished through lost corner proportionate methods, indicate all monuments, distances and directions used to establish.

The Lincoln County Berntsen Monument which marks this corner was placed by Ed Abendroth, Registered Land Surveyor, on Sept. 20, 1976. When we attempted to use this corner we found that the corner was still in place approximately 1' under the road surface, however three of the references had been destroyed. Therefore we established the following references for the already existant corner.

c) (d) (e) Plan view of corner with ties to at least 4 witness monuments. If in disagreement with previously established corner, show the distances between the two corners and also indicate the ties to the disputed corner.

P.K. nail in end of a C.M.P. culvert. N33°E, 52.55' F 1 P.K. in PP no 3106-14RI 5 N58°W, 39.90'  $\odot$ JOE SNOW ROAD S44°E, 31.24'  $1\frac{1}{4}$ "x 24" iron pipe set 1' more or less west of the  $\infty$ S12°W, 47.43' d Stop Sign. Top of nut on telephone pedestal

### (i) I.____Sheridan D. Schwark

Resident witnesses:

## CERTIFIED LAND CORNER RESTORATION

History of original corner establishment:

Wooden Post was established at the corner location as the result of the original Gov't. survey. No positive evidence of the original corner was discovered.

A stone monument was established during a remonumentation program. We did not find any evidence of this stone monument.

#### Description of corner evidence found:

As we excavated with the backhole we uncovered several broken, rotted pieces of an old wood post. We also discovered broken pieces of crockery scattered about the excavation site. However We were unable to determine the source of this material. We made the determination that the corner was lost.

Index No. 11-21

Description of monument and accessories I established to perpetuate the original location of this corner.

 $\bigcirc$  = Corner monument restored.
