## Attachment to Tie Sheet S-17 T31N, R8E

Visited this corner on May 31, 2012 and found 4 Reference Monuments in good condition and 2 Reference Monuments missing. Existing Reference Monument ties cross well and used that position to reset the 2 missing Reference Monuments, the Southeast and Northwest (37.99'), per the Tie Sheet. All of the small trees shown on the Tie Sheet are gone. Set a white "T" Post near the Southeast Reference Monument. Field Book #5 Page 141.
