Description of corner evidence found:

County Trunk Highway " M " had been previously excavated by Francis Fox,
Registered Land Surveyor, and no evidence was found. There was a
North-South fence on both the north and south sides of " M ". We
intersected the line made by those fences with the line from the
northeast corner of the section to the northwest corner and set the
corner at that point. The centerline of " M " was not straight enough
to use it in establishing the corner.

Description of monument and accessories I established to perpetuate the original location of this corner.
