U.S. PUBLIC LAND SURVEY MONUMENT RECORD Note: This form is intended and designed to fulfill all requirements of Wisconsin Administrative Code, Chapter A-E 5.02, U.S Public Land Survey Monument Record (3) (a) (b) (c) (d) (e) (f) (g) (h) (i). An additional sheet may be added if necessary to conform with sald requirements. 33 (a) Corner location: Township. Range 6 East/West ROCK FALLS Town/City/Village LINCOLN County __ 36 Section. (b) (f) (g) (h) Description of monument found at this corner and if it was accepted, state all evidence (material, testimonial, occupational, plats, records, other monuments) used as a basis for accepting. If not accepted or if nothing was found, state evidence used as basis for establishing location. If reestablished through lost corner proportionate methods, indicate all monuments, distances and directions used to establish. Field notes provided by Rhinelander office of Wisconsin Department of Transportation indicate that F. Fox had set a black granite stone monument in 1940, and that Munninghoff and William Scherer had dug for, but did not locate, said stone on May 6, 1971. They set a 3/4"x18" rebar at corner using 2 iron pipe references set by Fox in 1940. On this date, recovered both of Fox's reference pipes (both badly bent) and the 3/4" reinforcing bar set in 1971 by Scherer-Munninghoff. moved and continued hand excavating. At depth of 26 Tied out rebar, re-At depth of 26 inches, we recovered a polished black granite stone approximately 6" square with scribed on top. Stone was about 8" North of rebar. Set metal cap and RR spike along West face of stone and set a 1"x24" iron pipe directly over "X" in stone, such that top of pipe is corner. (c) (d) (e) Plan view of corner with ties to at least 4 witness monuments. If in disagreement with previously established corner, show the distances between the two corners and also indicate the ties to the disputed corner. NOTE: All ties are to 2"x30" iron pipes with galvanized caps with chisel "X" and stamped "W.C.", marked with location poster mounted on 1.7' POWER POLE metal fence post. N 89°52'13"E I/4 CORNER SECTION 36-33-6 RECEIVED AUG 2 6 1991 WHITE CONTRACTOR POWER POLE & 3' O MC S-11 SCHOFIE WIS. (i) | LaVerne H. Mosher (type or print name) certify that the corner location on this record was determined by me or under my direction and control and that this U.S. Public Land Survey Monument Record is correct and complete to the best of my knowledge and belief.
