DESCRIPTION OF MONUMENT FOUND AT THIS CORNER AND IF IT WAS ACCEPTED, STATE ALL EVIDENCE (MATERIAL, TESTIMONIAL,

31

32 33

OCCUPATIONAL, PLATS, RECORDS, OTHER MONUMENTS) USED AS A BASIS FOR ACCEPTING. IF NOT ACCEPTED OR IF NOTHING WAS FOUND, STATE EVIDENCE USED AS BASIS FOR ESTABLISHING LOCATION. IF RE-ESTABLISHED THROUGH LOST CORNER PROPORTIONATE METHODS, INDICATE ALL MONUMENTS, DISTANCES AND DIRECTIONS USED TO ESTABLISH. INDICATE TYPE OF MONUMENT AND SIGN POST FOUND OR SET.

5/26/1982 - Lester J. Schmit did not find evidence of corner. He proportioned the position based upon the found monuments of the South Quarter of Section 32 & of Southeast Corner of Section 33. He set a Berntsen Monument at the proportioned distance and established ties

9/12/1988 - Lester J. Schmit did not find monument nor any ties from previous tiesheet. He set a new Berntsen Monument based upon previous survey work in area and established new ties.

12/9/2020 - Visited corner location and did not find evidence of monument or ties. I found what I believed to be two trees and a nail from Schmit's 1982 tiesheet but they did not match between each other very well nor did they match the published coordinates. Since the 1988 tiesheet stated that no ties were found from 1982 I determined that the best position should be ascertained by single proportion based upon the distances shown from the 1982 tiesheet. I set an SNM-1 at this position and set out new ties as shown below.

PLAN VIEW OF CORNER WITH TIES TO AT LEAST 4 WITNESS MONUMENTS. IF IN DISAGREEMENT WITH PREVIOUSLY ESTABLISHED CORNER. SHOW THE DISTANCES BETWEEN THE TWO CORNERS AND ALSO INDICATE THE TIES TO THE DISPUTED.

## U.S. PUBLIC LAND SURVEY MONUMENT RECORD

| Note: This form is intended and designed to fulfill all requirements of Wisconsi Public Land Survey Monument Record (3) (a) (b) (c) (d) (e) (f) (g) (h) (i). A conform with said requirements. | n Administrative Code, Chapter A-E 5.02, U.S.    |
| conform with said requirements.  | in additional sheet may be added if necessary to |
| (a) Corner location: Township 34 North   |  |
| Dance 7 -  |  |

Flange\_\_\_/\_East

Town \_\_Skanawan

County \_\_Lincoln

b) (f) (g) (h) Description of monument found at this corner and if it was accepted, state all evidence (material, testimonial, occupational, plats, records, other monuments) used as a basis for accepting. If not accepted or if nothing was found, state evidence used as basis for establishing location. If reestablished through lost corner proportionate methods, indicate all monuments, distances and directions used to establish.

Road construction during the summer of 1988 removed the Berntsen monument originally marking the corner location. During the road work all of the witnesses to this corner were removed also. From previous survey work done in this area I was able to reestablish the corner's original location. Set a new Berntsen monument for the corner.

c) (d) (e) Plan view of corner with ties to at least 4 witness monuments. If in disagreement with previously established corner, show the distances between the two corners and also indicate the ties to the disputed corner.

(i) I, Lester J. Schmit

(type or print name) certify that the corner location on this record was determined by me or under my direction and control and that this U.S. Public Land Survey Monument Record is correct and complete to the best of my knowledge and belief.
